PDF FOR PRESS CHECKLIST

Specifications

- Margins
 - Plasticoil binding: 1 inch
 - Perfect bound: 1 to 1 ½ inches
 - Three-hole drilled: 1 ¼ inches
- Page numbers
 - ½ inch from the bottom of the page (minimum)

Photographs/Images and Illustrations

- Confirm all photographs/images are of the highest quality possible. If you are concerned about the file size please let us know.
- Verify that all Hayden-McNeil illustrations have been imported into your manuscript and placed as you desired.
- Contact your Prepress Technical Coordinator, Christy Kubat, for any concerns regarding color imagery.

Proofing

- Proof the Table of Contents for accuracy including page numbers, headers and footers.
- Check that all chapters begin on the right hand (if desired). Insert a blank page where necessary ie. Insert the blank page before the chapter opener if the chapter falls on the left side.
- Proof your work carefully before creating your PDF file(s). Your manual will print directly from the PDF file(s) you have created.

File maintenance

- File naming suggestion (if more than one pdf):
 - 01 Front matter
 - 02 Introduction
 - 03 Chapter 1
 - 04 Chapter 2
 - 05 Chapter 3
 - 06 Chapter 4
 - 07 Chapter 5
 - 08 Chapter 6
 - 09 Appendix A
 - 10 Appendix B

Thank you for your time to ensure your PDF is created with the proper specifications.
